Before the start of the academic year, the DSS informs students via the University's corporate email about these Policy and Procedures, accommodation conditions, the application and residency process, accommodation tariffs and discounts, as well as priority criteria for check-in, as specified in Clause 3.1.7.

Applications are submitted via an online platform using a Google Form, where students must complete the form and upload the required documents.

This list may be updated by the DSS throughout the academic year if necessary. Once finalized, the DSS submits the list for approval to the Vice President overseeing the DSS by sending an official memo and obtaining a conciliatory resolution. After approval, the DSS forwards the list to the Entity for the execution of the Accommodation Service Agreement and subsequent check-in process. The list also includes students eligible for a discounted accommodation tariff, as approved by an internal University document.
